

Beam Mt Set

H D Foot Peg Mt set

Original Red

EazyRizer Original Red motorcycle lift is the perfect solution for working on Sports and Road style bikes including the older Classic machines having a lifting capacity of 350kg by the chassis and 250kg by the wheels and with a range of mounts available to suit your style of bike you will be able to perform a Total Strip-down of any bike in Safety and comfort as you will have 360deg of access to the bike plus you can stop the lift at any height to suit your requirements.

Operated by Power drill or Cordless the bike will be up at waist height in seconds ready for the task at hand!

The main mounts employed with the Red lift are as follows and limited to those in the drop down menu below : Beam Mounts, Standard Foot-peg, Heavy duty foot-peg, Multi mounts, V twin and Wheel mount sets. All these have provisions to "Lock the bike Securely" to the lift so to avoid accidental damage, there really is Nothing that comes close and offers the user this level of Safety and Security!
